

Trojan Tire Inc.

January 2019

As we are the responsible producer of the tires we sell and import into Ontario we have partnered with YESS to manage our products' end-of-life management.

Via YESS's network management, we, the producer, pay for the collection, transportation and management to responsibly recycle our tires into new rubber products. To help you help us to recycle your tires at the end-of-life, please click [here](#) to find a location nearest to you where you can drop off up to 10 tires off the rims at no charge.
